

Discovery Days

Discovery Days at AT&T Park

Saturday, 11/3 11AM - 4PM - AT&T Park, San Francisco

AT&T Park transforms into a science wonderland when the Bay Area Science Festival concludes with a free, family-friendly science extravaganza. Last year, more than 21,000 people enjoyed a non-stop program chock-full of interactive exhibits, experiments, games, and shows, all meant to entertain and inspire. With more than 150 exhibits, there is something for everyone to unleash their inner scientist. Event is held Rain or Shine! Full list of exhibitors and day of map will be available online.

Discovery Days - North Bay

Saturday, 10/27 11AM-4PM - Sonoma County Fairgrounds, Santa Rosa

People of all ages are invited to unleash their inner scientist while discovering the innovation of science, technology, engineering, and mathematics (STEM) organizations in the North Bay. There will be more than 50 hands-on experiments, demonstrations, and exhibits to enjoy. Guests can save a droid ICU patient, create a pulsar, extract DNA, drive robots, and eat liquid nitrogen ice cream.

Romberg Tiburon Center Discovery Day Open House

Sunday, 10/21 11AM-4PM - Sausalito

During this open house the public can visit and spend the day behind the scenes, meet staff scientists, and learn about important research in San Francisco Bay and beyond.

Activities include:

- Listen to engaging talks on fascinating topics
- See the Center's laboratories and the tools the scientists use
- Do science activities for adults and kids alike
- Touch live marine organisms
- Listen to underwater sounds off the seawall
- Art activities for all ages

Students & Families

Bay Area Star Party

Friday, 10/26 - Various Locations

Take a tour of the night sky with our star party at over 10 different sites across the Bay Area. Colleges, schools, observatories and science centers will be open for a special evening of astronomical fun. No telescope, no problem! Both professional and amateur astronomers will be on hand to offer telescope viewing and observing tips. If the sky is cloudy, many sites will still offer indoor astronomy activities and astronomy talks. Join us for a stellar evening!

For locations and times visit: www.bayareascience.org/festival/bay-area-star-party/

Flash Mob Science

Saturday, 10/27, Free Admission to Chabot Space & Science Center, Activities 1-5 PM

Participate in fun hands-on experiments dealing with energy, light, sound, gravity forces and motion. Hop on board the free Flash Mob Shuttle buses that will be running throughout Oakland to take guests to and from Chabot. There will be an ambassador of science on the bus to enrich and entertain as you begin your journey to Chabot. Chabot's regular interactive exhibits, hands-on demonstrations and Planetarium shows will also be open to visit free of charge.

More Information: <http://www.bayareascience.org/event/flash-mob-science/>

Passport to Science

Sunday, 10/28 10 AM - 4PM

Passport to Science Day highlights the incredible science resources in the Bay Area by offering a series of science tours, hikes and active explorations. Over 15 tours are offered at locations across the Bay Area.

For a full list of tours, check out: <http://www.bayareascience.org/festival/passport-to-science/>

Teachers

Educator Giveaway at Bio-Link Depot

Saturday 10/27, 10AM - 12PM

Thanks to donations from labs and companies across the Bay Area, educators will have access to high quality materials and scientific equipment for their classrooms. Everything from pipettes to glassware to safety equipment and it is all free! The giveaways are sponsored by BABEC and CCSF's BIO-LINK Depot. Please bring school/educator ID!

Educator Extravaganza at the California Academy of Sciences

Saturday, 11/3 4PM-8:30PM

Explore the Academy inside and out, gathering inspiration, resources and activities to bring science to life in your classroom. Choose from a variety of hands-on workshops, behind-the-scenes tours, or activities in our exhibits. Meet Academy researchers and educators, experience the exhibits after hours, and learn about our many resources for teachers. Advance registration is required! Space is limited.
